

State Forest Donation Program

Each year the Department of Natural Resources (DNR) and the State Forest Family receives requests for methods to contribute to forest management programs. Reforestation, erosion control, trash removal, Adopt-a-Forest, and maintenance of recreational facilities are a few examples of the many programs conducted on the 3.9 million acres of Michigan's state forest lands that may receive contributions.

A donation program and State Forest Family have been developed as a method for contributions to be received on behalf of these programs. Gifts are accepted in any amount and will be directed to the program. Donors who contribute up to \$49 receive a special letter of thanks signed by the State Forester of Michigan.

Each donor who contributes \$50 or more becomes a member of the State Forest Family and receives a lapel pin bearing the State Forest Family emblem and individualized certificate of appreciation.

Donations of \$500 or more will be recognized with a brass plate containing the donor's name and purpose of donation, in addition to Family membership, a certificate and pin. These brass plates then become part of the "State Forest Family Honor Roll" boards, on display in DNR Lansing and other regional locations.

Contributions can be made by check or money order payable to the "State of Michigan" and sent to:
